### CURRICULUM VITAE

*My name is Henna Välkky and I'm a filmmaker. I get excited for most of filmmaking's creative fields and therefore I do whatever inspires me. My biggest ambition is directing but I also cherish a true love for cinematography as well as editing. Through this love triangle, I define myself as a loyal, adaptable, imaginative, hard working and down to earth person, which obviously translates that I'm fun to work with. Also I have a dream that someday I will master time and space and teach my dog not to act like a raccoon.*
